Familia is a religiously and politically unaffiliated association that brings together people living in Finland, regardless of their origin, language or cultural background.

The purpose of our activities is to support the two-way integration of those who have moved to Finland for different reasons and those born in Finland.

Familia's motto "TOGETHER IN THE WORLD" expresses the idea that we all live together in the same world, regardless of our numerous different backgrounds and situations. By being together, working together and making a difference together, we learn more about one another. Thus, we make our shared world a better place for each and every one of us.

A pioneer in
the development of
intercultural activities
and the leading expert
of intercultural families

You can become a member of Familia through our website or by visiting our office.

The activities at Familia are founded on voluntary and member participation.

Volunteering for Familia is an easy way to travel around the world!

Duo

Activities for intercultural families.

The Familia association provides

a variety of different activities and services for those who have moved to Finland or were born in Finland as well as for intercultural couples and families.

Familia welcomes, as members,

all those interested in intercultural activities who view our values as meaningful and wish to support our objectives. The activities are free of charge to members and open to men and women, children and adults, young and old. You can come alone or with a friend, a spouse or your whole family. Familia provides a range of opportunities:

- ▶ Study and practice speaking Finnish in groups of various skill levels
- ▶ Share experiences and information with those in similar life situations
- ▶ Introduce your child to different languages and cultures together with other children and families
- ▶ Enjoy a cup of coffee and the company of others in a cosy, relaxed environment

Volunteers can, for example, lead recreational groups, language and discussion groups and different clubs, as well as Duo peer activities for intercultural families. The activities are open to those who have moved to Finland from all around the world, their Finnish spouses and family members, and volunteers who are interested in intercultural activities.

As a Familia volunteer, you will be involved in the association's diverse and rewarding activities and services, and meet all kinds of people. You will contribute to organisational activities designed to help people to integrate into Finland.

Familia's Duo activities bring together intercultural couples and families to share their thoughts and experiences with one another. The Duo activities are arranged all around Finland as well as online for easy access. Examples of some of the Duo activities:

- ▶ Duo Family Training
- ▶ Duo Living Room meetings
- ▶ Duo Mother & Baby groups
- ▶ Duo discussion groups
- ▶ Duo online activities (chats, lectures and training, online groups and courses)
